

# Heracles EP-2, Multi Purpose Grease

## Description

HERACLES EP-2 is lithium soap thickened mineral grease comprising of extreme pressure additive, for all type of bearings and mechanisms operating under heavy load and high temperatures.

## Toepassingen

HERACLES EP-2 is specially formulated for steel industry installations, continuous casting lines, etc.

## Features

Performances of HERACLES EP-2:

- Very good resistance to high loads
- water-resistant
- high sealing capacity
- good resistance against humidity

## Benefits

HERACLES EP-2 has a good antirust capacity under very aggressive conditions.

## Typical Data

Parameter	Unit	Value
Appearance		Brown
Thickener		Lithium
Base oil nature		Mineral
NLGI class	grade	2
Penetration @ 25 °C		265-295
Drop point		> 180
Welding load	Kg	> 250
Oxidation stability at 100 °C	Bar	< - 1.5
Corrosion EMCOR	Grade	0
Copper Corrosion	24h/ 100 °C	Max.1b
Water washout at 80 °C	%	2.5
Temperature range	°C	-20 to 120

## Technical Data Sheet

### How to Use

- The usual cautions when handling and using lubricants
- avoid an excess of grease when re-greasing
- keep the can closed, after use, to avoid contamination
- do not mix with different nature greases
